

TYR TACTICAL® COMBAT ADJUSTABLE DOUBLE RIFLE MAG POUCH

The **Patented TYR Tactical® Combat Adjustable Double Rifle Mag Pouch** holds two mags and is designed to conform to both the 5.56 and 7.62 magazines. Engineered with an extremely clean and simple tension adjustment at the bottom, you can change its capabilities in seconds without having to remove the pouch itself. An internal divider incorporates contact-grip material to secure the mags when retention strap is not being used. This allows for a nice smooth draw and quick access for fast mag exchange without impeding the adjustability of the pouch.

- Wt: 4.8oz.
- Starting Dim: 4.5" H x 3.25" W x 2" D
- 500-denier Cordura®
- US Patent No. 9,394,080,
