**Design Features**

The TYR Tactical® MV Lower Abdomen Platform

- Attaches to the front plate pocket via hook and loop adapter platform.
- Provides additional load carriage locations for tourniquets, breaching rounds, flashbangs and firing systems.
- Patented Ballistic Vein® increases load carriage performance, provides a rigid platform, reduces fatigue, stabilizes and enhances soft armor inserts.

- We created this item utilizing our revolutionary patented PV® material for durability and weight reduction.
