

DESIGN FEATURES:

The **TYR Tactical® Medium Cutaway IFAK Pouch - Horizontal** attaches horizontally with MOLLE and carries a range of medical items for both self and buddy aid. Pouch can be removed from the MOLLE platform which allows the medic/operator immediate access without having to remove entire pouch system from the carrier. Interior includes multiple elastic retention straps and pockets.

FEATURES:

- PALS Webbing for MOLLE Attachment
- 500d Cordura®
- Velcro® loop for patch/placard attachment.
- Ambidextrous Pull Handle and Buckle Cutaway
- Pouch Platform attaches horizontally with MOLLE
- High strength and abrasion resistant 4-way stretch Tweave is used on the gusset of the pouch which allow it to expand when needed.
