The TYR Tactical® Basic IFAK Medical Pouch is extremely compact with simple one-handed opening.

- It is engineered utilizing our revolutionary patented PV® material which offers significant weight reduction with increased resistance to abrasion. PV® has been tested to have 7-10 times higher abrasion resistance than standard mil spec nylon.

- MultiCam® PV® simultaneously enhances the overall abrasion resistance, while integrating the added benefit of fire resistance capabilities.

Wt: 4.08 oz.
Dim: 7” H x 5.5 W” x 3” D
