**Design Features:**
The TYR Tactical® PICO Plate Carrier-Aussie is modified to fit the Australian’s triple curve plates. By utilizing lightweight PV® material in key areas, it has 7-10 times the abrasion resistance of normal 500d Cordura.

**PICO-AUSSIE Features:**
- Side Buckle Kit
- Slotted Base Cummerbund
- Slotted Cummerbund Cutaway Kit
- PALS webbing for MOLLE attachment
- Removable MOLLE Kangaroo Front Flap, holds three 5.56 Mags
- Ballistic Vein™ increases load carriage performance, provides a rigid platform, reduces fatigue, stabilizes and enhances soft armor inserts. See pg. 48 for more information.
- Shoulder Pads
- Reinforced Drag Handle

**Sizes:**
- Small/Medium (Up to 195 lbs)
- Large/XLarge (Over 195 lbs)

TYR-PICO-AUS-CR (Carrier Only) $495.95

---

**XFrame™ Compatible**

**Plate Pocket Styles:**
The PICO is available in many different styles depending on the profile (thickness) of your plate:
- **PICO 5** will hold the Australian Triple Curve plate (approximately .75” thick)

---

Ballistic Inserts [Front and Rear]
Certified Level II NU0101.06 T52/SP
TYR-GPCINT2-T52/SP-MD $364.95

Soft Armor Sold Separately
Our Rough Low Vis Carriers are made entirely of our Patent Pending PV® Material which provides increased ballistic performance and extremely lightweight with higher strength than standard 1000d.

Made in the USA
We offer many of our plate carriers in six different styles depending on the type and thickness of your plate.

**Applicable Carriers:** BPC, GPC, PICO, EPIC™, PICO-MVS, PICO-DS, PICO-DA, PICO-AA & PICO-RLVC
**TYR TACTICAL® CARRIER SIZING & SPEC INFORMATION**

**PICO-MV SIZING**

Sizing for the PICO-MV is simple because the carrier is designed to have a range of adjustability and allows for an overlap in sizing. If a user falls between the sizing chart, the decision can be made based on soldiers preference or your command’s ballistic area of coverage policy.

**Applicable Carriers:** PICO-MV, PICO-MV FEMALE, PICO-MVV, PICO-MVV-ITL, PICO-MVV-DA, PICO-MVV-RLVC, PICO-MVV-RLVC

**Small/Medium Fits:**
- 9.75”x12” Plate Pocket
- 10.5”x12.75” Plate Pocket

**Large/XLarge Fits:**
- 11.25”x13.5” Plate Pocket
- 11.75”x14.65” Plate Pocket

TYR Tactical® utilizes the Integrated Ballistic System which is a five piece design that increases ballistic protection, decreases side spall and reduces back face deformation. The five piece design includes a panel suspension and energy disbursement frame, known as the Ballistic Vein™. It retains the soft armor panels in the proper configuration, prevents bunching and supports the plates to improve edge hit protection. The system reduces blunt trauma and back face deformation values and ultimately increases $V_{50}$ performances by up to 125 feet per second by absorbing energy from projectile engagement.

**INTEGRATED BALLISTIC SYSTEM**

The body facing material of our plate carriers utilize advanced antimicrobial spacer mesh which is IR/FR treated. The ventilation system incorporates a raised padding system which works with the ballistic vein for energy dispersion. It also wicks away excess moisture and provides air flow channels to better manage heat stress, increase recovery after use and allows the vest to return to its normal state after each use.

Patent Pending
TYR Tactical® Hard Armor Level 3+ I/C Plate

**Levels of Protection:**
Level III protection when worn in-conjunction with our Level II T52/SP soft armor worn in a PICO Plate Carrier:

- 5.56 x 45 SS109
- 7.62 x 39 AK 47 MSC
- 5.45 x 39 AK 74 MSC
- 7.62 x 51 FMJ

**Composition:** Ceramic-Alumina HPPE backing

**Cover:** Black Textile

**Dim:** .5” Thick

**Sizes:**
- Wt: 3.62 lbs.
- (Medium Plate)
- Shape: Multi-Curved shape, SAPI shape
- Small: 9”x11.5”
- Medium: 9.5”x12.5”
- Large: 10”x13”
- XLarge: 11”x14”
- 6”x6”

TYR Tactical® Hard Armor Lightweight Bouyant LWBIII+

**Morgan Plate**

**Levels of Protection:**
Level III protection when worn in-conjunction with our Level II T52/SP soft armor worn in a PICO Plate Carrier:

- 7.62 x 51mm 149gr M80 FMJ
- 5.56 x 45mm 55gr Ball (M193)
- 7.62 x 39mm 123gr PS Ball (Mild Steel Core)

**Composition:** UHMWPE

**Cover:** Ballistic Nylon

**Dim:** .75” Thick

**Sizes:**
- Wt: 2.18 lbs.
- (Medium Plate)
- Shape: Multi-Curved shape, SAPI shape
- Plate Size: 9.5”x12.5”

TYR Tactical® Ultra Low Vis Ballistic Plate (API Protection)

This plate is designed as Level III+API protection when worn in conjunction with designated soft armor. "In-conjunction" plates are designed to stop a specified threat within the vest & plate combination. This Ultra Low Vis plate is more comfortable and less bulky than most plates on the market but still has great performance as listed here:

**Multi-Hit In-Conjunction**
- 5.56 x 45mm - M855 (Green Tip)
- 5.56 x 45mm - M193 Ball
- 5.45 x 39mm - AK74
- 7.62 x 51mm - NATO M80 Ball
- 7.62 x 39mm - Mild Steel Core
- 7.62 x 39mm - API

**Sizes:**
- Wt: 4.5 lbs.
- (Medium Plate)
- Shape: Multi-Curved shape, SAPI shape
- Small: 9”x11”
- Medium: 10”x12”
- Large: 10”x13”
- XLarge: 11”x14”
- 6”x6”
Dynamic Load Carriage™ In the past, load carriage has typically been static and designed in a vertical alignment which does not self-adjust with the operators natural movements. The XFrame™ has changed that by creating a system which moves and adjusts to the body by reacting to the natural body articulation and form.
The TYR Tactical® Brokos Belt offers load carriage as well as optional ballistic coverage. Additional sizing information can be found on Pg.63.

**Brokos Belt Foam**
- Foam
- Provides load carriage
- Ballistic Vein™ increases load carriage performance, provides a rigid platform, reduces fatigue, stabilizes and enhances soft armor inserts. See pg. 48 for more information

**Brokos Belt Armored T34**
- Brokos Belt meets IOTV Specifications, 9mm and Frag T34

**Brokos Belt Armored T52/SP**
- Brokos Belt meets Level II NIJ0101.06 T52/SP

**Brokos Belt Armored TXP3A**
- Brokos Belt meets Level IIIA NIJ0101.06 TXP3A

**Brokos Belt Low Profile Foam**
- Foam
- Provides load carriage
- Ballistic Vein™ increases load carriage performance, provides a rigid platform, reduces fatigue, stabilizes and enhances soft armor inserts. See pg. 48 for more information

**Brokos Belt Low Profile Armored T34**
- Brokos Belt meets IOTV Specifications, 9mm and Frag T34

**Brokos Belt Low Profile Armored T52/SP**
- Brokos Belt meets Level II NIJ0101.06 T52/SP

**Brokos Belt Low Profile Armored TXP3A**
- Brokos Belt meets Level IIIA NIJ0101.06 TXP3A

Compatible Base Belts
- TYR-SMB-CH
- TYR-RBB015
- TYR-ABB002
- TYR-TBB008
- TYR-RBB009

Belt Length, End to End
- Medium: 30”
- Large: 34”
- XLarge: 38”

- Coyote
- Black

See pg. 46-48 & 63 for Complete Armor Spec & Sizing
**Brokos Belt Slot Adapters**

- Shown with Retention Adapter (not included)
- Allows for Base/Rigger Belt to be lower than retention adapter on rappelling harness.
- Colors: Multi-Cam, Coyote, Ranger Green & Black

**Retention Adapter**

- Use with Brokos Belt Slot Adapters (shown above)
- Secure connection for retention harness in safety equipment while wearing Brokos Belts
- Colors: Coyote, Ranger Green, Black

**XFrame™ Stays**

- Carbon fiber, Dynamic Load Carriage™, enhanced strength, bending flexing, torque and full range of motion
- Colors: Multi-Cam, Coyote, Ranger Green, Black & Multi-Cam Black

### Combat Suspenders

**TYR Tactical® Combat Suspenders** are made with our revolutionary PV® material to give them extraordinary strength, abrasion resistance and durability.

- Padded, Antimicrobial/FR spacer mesh for breathability and comfort during extended wear periods
- Fully adjustable to fit almost all users
- Stretch keeper loops for securing excess adjustment straps

**Wt:** 5.60 oz.
**TYR-SUS001**
**$29.95**

XFrame™ Brokos Belt Foam
• XFrame™ Brokos Belt is designed to work in conjunction with the XFrame™ Dynamic Load Carriage™ system. Horizontal attachment points are positioned between the outer MOLLE platform and the interior padded spacer mesh, so that the user can adjust the XFrame™ Stays (sold separately) to the proper width.

• Ballistic Vein™ increases load carriage performance, provides a rigid platform, reduces fatigue, stabilizes and enhances soft armor inserts. See pg. 48 for more information.

XFrame™ does not only mediate load carriage from the shoulders, back, and hips but also supports the spine, back and core muscles.

Measure over your clothing from inside one hip bone to inside the other (Fig A). The ends of the belt should leave a 6” gap in the front of your waistline (Fig B). Once you have that total length, compare it to the chart below for belt sizing. If you desire a closer fit then simply measure leaving only a 3” gap to account for the Cobra Buckle.

See pg. 46-48 & 63 for Complete Armor Spec & Sizing
X-Frame™ Brokos Belt-S

XFrame™ Brokos Belt-S Foam
- Utilizes a single PALS/MOLLE column instead of the double version in our Standard Brokos Belt.
- Allows more flexibility with how you set-up and load mission specific items.
- Ballistic Vein™ increases load carriage performance, provides a rigid platform, reduces fatigue, stabilizes and enhances soft armor inserts. See pg. 48 for more information.

See pg. 63 for sizing.
## Brokos Belt Jungle

**Features**
- Hard Sewn Adjustable Base Belt with 2” Plastic Buckle
- Suspender and COMA Jungle Yoke Attachment Points
- Top zipper allows the user to easily access poly insert or optional soft armor
- Internal poly insert improves overall belt structure and helps with energy dispersion, which significantly reduces back face deformation when used in conjunction with optional soft armor
- Dim: 5” Height (Back Center Point)

The TYR Tactical® Brokos Belt-HGF was designed based on direct feedback from Special Operations units. This multi-layer belt system can be used in several different configurations depending on mission requirements. We created this item with our revolutionary PV® material for durability and weight reduction.

**Belt Length, End to End**
- Medium: 30”
- Large: 34”
- XLarge: 38”
- 2XLarge: 42”

Additional sizing information can be found on pg. 63

TYR-BKBLB-HGF037
$179.95

**Internal Removable Spacer Mesh Pad**
- Antimicrobial/FR Treated
- Attaches via hook and loop

**Outer Brokos Belt-HGF**
- PALS webbing for MOLLE attachment
- Internal Poly Insert improves overall belt structure
- Internal hook and loop
- Created with our revolutionary PV® material for durability and weight reduction
- Dim: 5” Height
- Ballistic Vein™ increases load carriage performance, provides a rigid platform, reduces fatigue, stabilizes and enhances soft armor inserts.
See pg. 48 for more information

**HGF Base Belt**
- 2” Plastic Quick Fit Buckle
- External hook and loop to attach the outer Brokos Belt-HGF
- Prevents shifting of the outer Brokos Belt-HGF

**Tactical Base Belt-D**
- 2” Cobra® Buckle
Sold Separately See pg. 62
**CONFIGURATION 1:**
The Internal Removable Spacer Mesh Pad and Outer Brokos Belt-HGF are attached via hook and loop. The HGF Base Belt is fed through the Brokos Belt-HGF. This is an extremely lightweight, low profile option.

**CONFIGURATION 2:**
The HGF Base Belt is fed through the uniform pants. The Outer Brokos Belt-HGF is joined to the Base Belt via hook and loop. This prevents excess shifting of the Brokos Belt. The Tactical Base Belt-D is fed through the Brokos Belt-HGF. This option is ideal for users wanting to virtually eliminate shifting without obstructing the operators movement.

**Tactical Base Belt-D**
Sold Separately See pg. 62

*This multi-layer belt system can be used in several different configurations depending on mission requirements.*
The TYR Tactical® ONUS™ Adapter System is a patent pending, load distribution system that is designed to distribute the weight of your pack, without impeding range of motion. When in use the ONUS™ distributes weight from the shoulders to the hips. This weight dissemination will allow the users to conserve energy while wearing the adapter system, elongating the time of use and minimizing overall fatigue.

**ONUS™ FEATURES**
- **Adapter System Components**
  - Locking Point - Belt mounted
  - Load Distribution Rail - Pack mounted
- Can be worn in conjunction with your TYR Tactical® plate carrier
- Compatible with our complete line of Brokos Belts
- Constructed out of ABS/Polycarbonate Alloy

**Compatibility:**

**Belts**
- XFrame™ Brokos Belt
- XFrame™ Brokos Belt-S
- XFrame™ Brokos Belt-E

**Frames**
- HRN-ASP055-LC
- HRN-ASP040-LC with Adapter

TYR-ONUS  
**Call for Pricing & Availability**  
**FALL 2015 RELEASE**

Once installed, users may simply “click in” and “click out” of the ONUS™ while wearing their TYR Tactical® Brokos Belt. Users can remove the pack by disengaging (“clicking out”) the adapter system from the Brokos Belt without ever taking the belt off.

Pack & Belt Sold Separately

*A system which moves and adjusts to the body by reacting to the human’s natural body articulation and form.*
In the past, load carriage has typically been static and designed in a vertical alignment which does not self-adjust with the operator’s natural movements. The ONUS™ has changed that by creating a system which moves and adjusts to the body by reacting to the natural body articulation and form (Figure 1).

The ONUS™ stabilizing bar free-floats within the adapter channel which attaches to the Brokos Belt and has secure limiter straps on the Assaulters Sustainment Pack that can be adjusted for maximum range of movement (Figure 2).
The TYR Tactical® Gunfighter Belt was built to be versatile, providing a combination between a rigger and load carriage belt. The base is sewn with high strength Type 13 webbing. The exterior is surrounded by 2 rows of .5" webbing giving the user the ability to change out mission specific gear as needed. The removable Antimicrobial/FR treated padded spacer mesh is used on the interior of the belt for comfort.

**GUNFIGHTER BELT OPTIONS:**

1. **2" Cobra Buckle & Forged Steel Extraction Ring**  
   TYR GFB110  
   $114.95

2. **2" Quick Fit Adapter & Forged Steel Extraction Ring**  
   TYR GFB111  
   $114.95

3. **2" Cobra Buckle & Additional MOLLE Webbing**  
   TYR-GFB112  
   $114.95

Sizes: Small, Medium, Large, XLarge, 2XLarge
Additional sizing information can be found on pg. 63

NSN# at WWW.TYRTACTICAL.COM
The **TYR Tactical® Uniform Belt** is a 1.75” wide, semi-ridge belt. It features a length adjustment retention tab and 1” tan Cobra® Buckle. We created this item with our revolutionary PV® material for durability and weight reduction.

**PV® SPEC:**
- Made with the revolutionary hybrid PV® (Pluma Vires) material
- 50% weight reduction on average
- Independently tested to 7-10X the abrasion resistance of standard mil-spec nylon
- Higher tensile strength than 1000d nylon
- Improved structural / load carriage performance and durability

**Sizes:** Small, Medium, Large, XLarge, 2XLarge
Additional sizing information can be found on pg. 63

**Colors:** Multi-Cam, Coyote, Ranger Green, Black

TYR-PVPRPB
$109.95

The **TYR Tactical® SK Climbing Harness Belt** has two hard sewn points for rappelling and safety lanyard. It is constructed with high strength 1.75” Type 13 webbing.

**SK Climbing Harness Features:**
- Adjustable leg loops with 2” Cobra® Buckles
- One tubular webbing equipment loop keeps gear organized and out of the way
- One high-strength tubular webbing tie-in point
- Leg Loop Stowing Pouch
- Main belt incorporates a 2” Cobra® Buckle
- Rigger belt independently tested between 5200-5700 lbs. breaking strength

**Sizes:** Small, Medium, Large, XLarge, 2XLarge
Additional sizing information can be found on pg. 63

Dim: 2"H

Our Tactical Base Belts are meant to be worn over your uniform pants or in conjunction with our complete line of Brokos Belts. We recommend that you order your Tactical Base Belt 3" above your pant size.

Example: If you wear a 32" pant you would wear a 35" base belt, size medium. Effective: June 2015

</tr>
</tbody>
</table>

We recommend that you order your Uniform Base Belt 2" above your pant size.

Example: If you wear a 32" pant you would wear a 34" belt.

XFRAME™ MEASUREMENT GUIDE

Watch the sizing video: www.youtube.com/user/TYRTacticalGear

XFrame™ Compatible

Measure from the center of the scapula to the top/center of glute.

*Sold Separately
Patent Pending

Measure over your clothing from inside one hip bone to inside the other (Fig A). The ends of the belt should leave a 6" gap in the front of your waistline (Fig B). Once you have that total length, compare it to the chart below for belt sizing. If you desire a closer fit then simply measure leaving only a 3" gap to account for the Cobra® Buckle.

*Sold Separately
Patent Pending
The Next Generation Warrior® is always adapting and evolving. This philosophy is demonstrated in our extensive line of plate carrier accessories. These vital pieces allow complete customization of our plate carriers depending on mission specific requirements.

**Design Features:**
The TYR Tactical® PECI Flotation Cummerbund Adapter Set uses PECI Detachable Cummerbund Floatation System (DCFS). The Adapters also has a pocket on both the right and left hand side for 6” x 6” side ballistic plates and soft armor inserts. It is deployed by pulling in a down and outward direction which initiates the CO² deploying the bladders.

**PECI Features:**
- Fits our complete line of Plate Carriers & Vests
- 4 columns x 3 rows PALS/MOLLE
- Instruction Manual Included
- Wt: 27.86 oz

**Compatibility**
- PICO-PRO

The TYR Tactical® Kangaroo Front Flap - Happy 5.56 Mag Insert takes the standard front flap on all our carriers and transforms it into a Triple Happy Mag Pouch. Integrated Happy Mag clip and contact-grip material secures the mag when retention strap is not being utilized for a nice smooth draw.

### Compatibility:
- PICO-MVS
- PICO-PRO
- VENATOR™
- GTOC
- GPC
- PICO
- PICO-MV

### 5.56 Kangaroo Flap with 3 Mag Insert

**TYR TACTICAL® ASSAULTERS PLATFORMS**

**(ST) Standard Zip-On Platforms Compatibility:**
These platforms come with a zipper adapter which attaches via MOLLE onto the back of the plate carrier.
- PICO-PRO
- VENATOR™
- GPC
- PICO
- PICO-MV
- PI-CO-MV Female
- PI-CO-MW
- PICO-FED
- PI-CO-AUSSIE
- LWAS®

**(DA) Direct Action Zip-On Platforms Compatibility:**
These platforms only work with plate carriers that have hard sewn zippers on those back panels.
- EPIC™
- PICO-MVS
- GTOC
- PI-CO-MVW-ITL
- PI-CO-DS

**TYR Tactical® Zip-On Platforms** will adapt to nearly any plate carrier or vest that has a MOLLE back area creating a very scalable utilitarian solution for different mission requirements.
