The fact of the matter is, we will do whatever it takes to ensure every product we design and sell is right for you.

The Next Generation Warrior®. Our cutting-edge technology and distinctive line of 100% American-made products will out-perform any other brand on the market.

MISSION-ADAPTABLE

To create Mission-Adaptable gear, we spend a tremendous amount of time and money on R&D - making sure that the feel, comfort and ergonomics of our products is right for you. These R&D efforts take us across the country to Force Modernization offices and range meetings with SOF units who give us their input on what they really need. Toward this end, we put together our Combat Development Trailer [CDT] loaded with sewing machines, materials and equipment that allows us to create new products on the spot with input from the field.

DESIGN AND ENGINEERING

Channeling a warrior-like mindset and implementing a holistic design approach, we’ve created a hybrid material called PV® “Pluma Vires™”. By manufactured design, our entire line of pouches and vests weighs at least 20% less than comparable products available in today’s market. In independent testing, products made with PV® were shown to be 7 to 10 times more abrasion resistant than any material used by competitors.

Improved Wear Resistance

Our PV® material is a laminate of 500-denier Cordura® nylon and 200-denier Kevlar® in an ultra-tight weave to maximize abrasion and tear resistance. We use this fabric in high-wear areas such as the corners and edges of plate carrier, pouches, and other exposed components.

High Strength

PV® material provides more than seven to ten times the strength of Cordura® nylon, allowing us to reduce weight while at the same time improving the performance of the finished product. It offers an important structural benefit for load carriage by reducing system weight, minimizing stretch and sag, and improving durability.

DU Pont™ Kevlar® INNOVATION AWARD

TYR Tactical™ is honored with the DuPont™ Kevlar® protection award for its PV® Nylon. TYR Tactical™ PV® Nylon demonstrates how scientific innovation can yield incredible hybrid materials that address market challenges. By incorporating DuPont™ Kevlar® to provide increased strength and ballistic resistance at a lighter-weight, TYR Tactical™ decreased the amount of nylon needed in a protection system, in turn reducing the weight of protection systems overall and increasing the life cycle of each product. This provides the market with a much needed solution for longer-wearing, more resistant and lighter-weight armor.
Dear Friends,

Like most of you, my primary goal is the protection and well-being of my family. Throughout my years in the tactical industry my passion has intensified to protect our fighting men and women and make sure you come home to your family and friends. My passion for your safety has mapped our product design and manufacturing philosophy by creating a more efficient, lighter weight, more dynamic and streamline product line. No matter if it is a pouch or a full armored vest, TYR Tactical™ products are designed for efficiency and economy of movement to keep you in the fight. Just as a mag pouch should fit the mag it should also enhance the user’s ability to perform. **Weight reduction,** **durability,** **accessibility** and **minimizing bulk** are key factors that are taken into consideration for each TYR Tactical™ product.

TYR Tactical™ products are developed with direct input from our country’s most elite warriors. Direct feedback from operators about mission specific load requirements and mobility allow TYR Tactical™ to increase overall comfort, movement and performance. Special Operations training and a physiological approach are incorporated into each design. Our rigorous testing process allows us to continually evolve and provide products for today’s needs and threats keeping us in the forefront of the industry.

Also, key to TYR Tactical’s™ design philosophy is **scalability** and **modularity.** We believe that our kit should be adaptable to an array of different mission sets. Today’s soldier can be required to cycle through changing environments and threat levels, so should the gear. Whether scaling a plate carrier from a low profile side buckle kit up to full ballistic accessories, or having the ability to change it from a fixed carrier to a releasable version, TYR Tactical™ products are designed to meet those changing needs. With additional considerations for comfort and adjustability, our goal is to make each design feel like it was custom made for you, **The Next Generation Warrior®.**

Our mission is to always manufacture every TYR Tactical™ product to fit the operator for maximum comfort, safety and performance efficiency for threats both at home and abroad.

From my family to yours,
Semper Fi,

Jason Beck

(Norse mythology) God of War, Victory and Heroism.
The Next Generation Warrior®.
TYR Tactical™ is proud to introduce the Venator Ballistic Vest. The design innovations and attention to detail incorporated into this vest take it light years ahead of the competition. We believe it will soon become the new standard by which all other tactical vests will be judged.

**DESIGN FEATURES:**
The Venator is engineered utilizing TYR Tactical’s™ revolutionary PV® material which offers significant overall weight reduction, increased resistance to abrasion and also enhances the ballistic attributes of armor within the vest. Antimicrobial/FR treated padded spacer mesh is used internally for comfort.

The front carrier has a top loading external plate pocket and a removable triple magazine front flap which is used to secure the adjustable cummerbund. Attachment points are provided at the bottom of the carrier for the added capability of ballistic lower abdomen or ballistic groin protector accessories.

The rear carrier has an internal plate pocket and MOLLE flap which is used to secure the adjustable cummerbund. The top of the back panel provides a reinforced horizontal drag handle. Attachment points are provided at the bottom of the carrier for the added capability of a ballistic lower back protector.

**VENATOR FEATURES:**
- PALS webbing for MOLLE attachment
- Hydration/Communication tabs for routing
- Removable MOLLE kangaroo front flap, holds three 5.56 mags
- Shoulder pads
- TYR Tactical™s Ballistic Vein™ to stabilize and enhance soft armor inserts
- Accepts SPEAR cut armor panels

Small (Up to 170 lbs.)
Medium (170-220 lbs.)
Medium/Long (170-220 lbs. - over 6’ height)
Large (230-275 lbs.)
XLarge (275+)

TYR-VEN-SYS-T34  IOTV
$995.95
TYR-VEN-SYS-T52/SP  Level 2
$1,095.95
TYR-VEN-SYS-TXP3A  Level 3A
$1,195.95

**OPTIONAL ACCESSORIES:**
- Side plate pocket inserts for cummerbund
- Internal zipper insert for side cummerbund
- Ballistic throat, collar, traps, biceps, lower abdomen, groin, and 6” x 6” side insert
- Removable MOLLE front flap, flat (without mag inserts)
- Removable MOLLE kangaroo front flap, holds three 7.62 mags
- 7” x 8” External Cummerbund w/ Side Plate Pockets
The LWAS® (Lightweight Assault System) is a state-of-the-art, SPEAR-cut vest that uses soft armor technology with advanced design features to create a lightweight, configurable, body armor system. The LWAS® is a releasable style carrier featuring a cutaway cable system with shoulder detachment points.

**DESIGN ATTRIBUTES:**
The LWAS® is made with TYR Tactical™ PV® material which offers overall weight reduction, increased resistance to abrasion and also enhances the ballistic attributes of armor within the vest. Antimicrobial/FR treated padded spacer mesh is used internally for comfort.

The front carrier has an internal plate pocket and a triple magazine front flap which is used to secure the adjustable cummerbund. Attachment points are provided at the bottom of the carrier for the added capability of ballistic lower abdomen or ballistic groin protector accessories.

The rear carrier has an internal plate pocket and MOLLE flap which is used to secure the adjustable cummerbund. The top of the back panel provides a reinforced horizontal drag handle. Attachment points are provided at the bottom of the carrier for the added capability of a ballistic lower back protector.

**LWAS® FEATURES:**
- Accepts SPEAR cut armor panels
- Fits standard SAPI and ESAPI Plates
- Shoulder Pads
- Releasable Cable
- Side Buckle Kit [Allows full function of releasable cable]

Small (Up to 170 lbs.)
Medium (170-220 lbs.)
Medium/Long (170-220 lbs. - over 6' height)
Large (230-275 lbs.)
XLarge (275+)

TYR-LWAS-SYS-T34 IOTV $1,095.95
TYR-LWAS-SYS-T52/SP Level 2 $1,195.95
TYR-LWAS-SYS-TXP3A Level 3A $1,295.95

**OPTIONAL ACCESSORIES:**
- Side plate pocket inserts for cummerbund
- Ballistic throat, collar, traps, biceps, lower back, lower abdomen and groin
- 7” x 8” External Cummerbund w/ Side Plate Pockets
Our BPC (Basic Plate Carrier) with adjustable, side-opening buckles is designed to allow users to easily and quickly put on or remove their armor.

**DESIGN ATTRIBUTES:**
The BPC is engineered utilizing TYR Tactical™ revolutionary PV® material which offers significant weight reduction with increased resistance to abrasion. PV® has been tested to have 7-10 times higher abrasion resistance than standard mil spec nylon. PV® also enhances the ballistic attributes of armor within the vest. Antimicrobial/FR treated padded spacer mesh is used on the internal portions of the vest for comfort.

The BPC is 20%-50% lighter weight than similar plate carriers. It offers a built-in M4 triple mag insert with bungee retention straps, and the top of the back panel provides a reinforced horizontal drag handle.

**BPC FEATURES:**
- Fits standard SAPI and ESAPI Plates
- Accepts T34 soft armor inserts
- Shoulder Pads
- Open Top M4 Triple Mag Pouch

Carrier size relates to the size of the plates:
- Small = 8 ¾” x 11 ½” (9x11)
- Medium = 9 ½” x 12 ¾” (10x12)
- Large = 10 1/8” x 13 ¾” (10x13)
- XLarge = 11” x 14”

TYR-BPC [carrier only]
$164.95

TYR-GPCINT2-T34
T34 Ballistic Inserts (Front and Rear) IOTV
$259.95
The GPC (General Plate Carrier) is a sophisticated plate carrier with an abundance of standard features and accessories designed to make it adaptable to whatever your mission requires. Made entirely of TYR Tactical™ lightweight PV® material, it comes standard with padded shoulder straps, reinforced drag handle, side buckle kit and body-side spacer mesh with raised pad system for moisture wicking and breathability.

**DESIGN ATTRIBUTES:**
The GPC is engineered utilizing TYR Tactical™ revolutionary PV® material which offers significant weight reduction with increased resistance to abrasion. PV® has been tested to have 7-10 times higher abrasion resistance than standard mil spec nylon. PV® also enhances the ballistic attributes of armor within the vest. Antimicrobial/FR treated padded spacer mesh is used internally for comfort.

The GPC offers a removable triple magazine front flap which is used to secure the adjustable cummerbund.

**GPC FEATURES:**
- Fits standard SAPI and ESAPI Plates
- Accepts T34 soft armor inserts
- Shoulder Pads
- Full cummerbund PALS/MOLLE adapter
- Removable Side Buckle Kit w/ T-Straps
- Removable MOLLE kangaroo front flap, holds three 5.56 mags

**OPTIONAL ACCESSORIES:**
- Removable MOLLE front flap, flat (without mag inserts)
- Removable MOLLE kangaroo front flap, holds three 7.62 mags
- Side plate pocket inserts for cummerbund
- 5” x 10” soft armor inserts for cummerbund
- Additional PALS/MOLLE adapters for external cummerbund

Carrier size relates to the size of the plates:
- Small = 8 ¾” x 11 ¼” (9x11)
- Medium = 9 ½” x 12 ½” (10x12)
- Large = 10 1/8” x 13 ¾” (10x13)
- XLarge = 11” x 14”

TYR-GPCINT2-T34
T34 Ballistic Inserts [Front and Rear] IOTV $259.95
TYR-SILOSI-T34
T34 Ballistic Inserts [Side] IOTV $139.95

Rear view of the General Plate Carrier (GPC)
Fighting men and women who have seen the PICO Assault Plate Carrier are in agreement that its design represents a truly revolutionary leap in the development of a platform for The Next Generation Warrior®.

**DESIGN ATTRIBUTES:**
When we designed the PICO, we wanted to incorporate all the ergonomic attributes that are needed for a true fighter’s vest. To achieve this, we needed to create a rugged platform that provides an extremely lightweight and ultra thin carrier while at the same time giving the wearer unprecedented comfort. The PICO is the end result. It is constructed utilizing TYR Tactical’s™ revolutionary PV® material which removes excess bulk yet adds critical strength in key high-wear areas. This gives the PICO an extremely low profile. Its unique design allows the user to rig the PICO to meet the specific requirements of the mission. The external cummerbund provides a platform for adding PALS Adapter Panels which gives the operator the ability to switch out mission-specific gear.

The size of the carrier relates to the size of the plates (Operator Cut):

- **Small:** 8.75” x 11.5” (9x11)
- **Medium:** 9.5” x 12.5” (10x12)
- **Large:** 10.125” x 13.25” (10x13)
- **XLarge:** 11” x 14”

TYR-PICO-T34 IOTV
$595.95
TYR-PICO-T52/SP Level 2
$695.95
TYR-PICO-TXP3A Level 3A
$749.95

**PICO 1, PICO 2, AND PICO 3** - The PICO is available in three different styles depending on the profile (thickness) of your plate:

- **PICO 1** accommodates standard SAPI and ESAPI plates (approximately .75” thick)
- **PICO 2** will hold SOF threat type plates as well as Cercom and Ceradyne® style plates (approximately .5” thick)
- **PICO 3** is designed for Low Vis plates or Eclipse® style plates (approximately .25” thick)

**XFrame™ Compatible**
TYR TACTICAL ™ PICO

PICO FEATURES:

• PALS webbing for MOLLE attachment
• Hydration/Communication tabs for routing
• Removable MOLLE kangaroo front flap, holds three 5.56 mags
• Accepts most standard issue and SOF specialty plates
• Shoulder Pads
• Reinforced drag handle
• Comes standard with PALS adapters sets (TYR-LW106A2F, TYR-LW112AS-4, TYR-LW106A23)
• Repair buckle kit

OPTIONAL ACCESSORIES:

• Removable MOLLE front flap, flat (without mag inserts)
• Removable MOLLE kangaroo front flap, holds three 7.62 mags
• 6” x 6” Side Armor Conversion Kit
• Additional PALS/MOLLE adapters for external cummerbund
• Internal zipper insert for side cummerbund or kangaroo pouch
• Ballistic throat, collar, Thor shoulders, biceps, lower back, lower abdomen, BALCS groin, MV groin
• Cutaway kit to convert vest to releasable version
• Compatible with the XFrame™ Dynamic Load Carriage™ System
• Side Buckle Kit
• 7” x 8” External Cummerbund w/ Side Plate Pockets

"...a rugged platform that provides an extremely lightweight and ultra thin carrier..."

Includes TYR-LW112AS-4, TYR-LW106A23 Column PALS/MOLLE Adapters

"THE PICO ASSAULT PLATE CARRIER IS SCALABLE AND MISSION ADAPTABLE"
This state-of-the-art body armor system has a multi-platform modular design which allows the operator to change and adapt to mission sets with minimal effort and maximum efficiency. The wide range of operational configurations allows the user to scale up or down depending on the environment, threat and load requirement (See scalability chart on page 13). With its basic components and compatible accessories, the PICO-MV is a truly complete armor system that sets the new standard for modularity and scalability for The Next Generation Warrior®.

**DESIGN ATTRIBUTES:**
With MABV shaped panels, the PICO-MV is rich with ergonomic design attributes and the capability to accept a wide array of accessories for any given mission set. It has the option to scale down to only the front panel in an H-harness configuration or fully armored up to maximum ballistic protection of extremities. The front panel alone allows the operator to run 5 mag pouches across the front without sacrificing the slim, low profile design.

Fits operator cut or swimmer cut plates (See sizing chart on pg. 20)

Sizes:
Small/Medium and Large/XL

The TYR Tactical™ PICO Advanced Assaulters Plate Carrier System was engineered for both long term load carry and as a low profile plate carrier. It has exceeded all of our expectations over the course of development and extensive testing and we believe it will exceed yours as well.

**DESIGN ATTRIBUTES:**
The PICO Advanced Assaulters Plate Carrier System has all the ergonomic attributes of the standard PICO with advanced features that maintain an extremely lightweight ultra thin profile. By utilizing TYR Tactical™ new and extremely lightweight PV® material in key areas, it has 7-10 times the abrasion resistance of normal 500d Cordura.

**Advanced PICO Features:**
- Lower Abdomen Platform w/ Soft Armor
- Side Wing Mag Adapters, set
- Removable THOR Shoulder Pads
- Side Buckle Kit
- Slotted Cummerbund
- zip-on Back Panel with Built-In 50oz. Hydration Pocket and Bottom Fed Medical Sleeve
- 6x6 Side Plate Retention Straps
- T52/SP Level 2 Specification (SOCOM, FBI, DEA)

**Standard PICO Features:**
- PALS webbing for MOLLE attachment
- Hydration/Communication tabs for routing
- Removable MOLLE kangaroo front flap, holds three 5.56 mags
- Accepts most standard issue and SOF specialty plates
- Shoulder Pads
- Reinforced drag handle
- Comes standard with PALS adapters sets (TYR-LW106A2F, TYR-LW112AS-4, TYR-LW106A23)
- Repair buckle kit

*Soft Armor Not Included
The TYR Tactical™ PICO Direct Action is a semi custom designed carrier based on feedback from special mission units. The PICO-DA is our most lightweight and configurable system for The Next Generation Warrior®.

**Design Attributes:**
The PICO-DA acts as a scalable foundation which the operator can completely customize based on mission requirements. Easily interchangeable custom kangaroo front flaps, assaulter zip-on back panels, pouches, and PALS/Molle adapters make the PICO-DA the next evolution in customized configurable kit. We created this item with our revolutionary PV® material for durability and weight reduction.

**Carrier Size Relates to the Size of the Plates:**
- **Small:** 9”x11” Plate Pocket
- **Medium:** 10”x12” Plate Pocket
- **Large:** 10”x13” Plate Pocket
- **XLarge:** 11”x14” Plate Pocket

The PICO is available in three different styles depending on the profile (thickness) of your plate:
- **PICO 1** accommodates standard SAPI and ESAPI plates (approximately .75” thick)
- **PICO 2** will hold SOF threat type plates as well as Cercom and Ceradyne® style plates (approximately .5” thick)
- **PICO 3** is designed for Low Vis plates or Eclipse® style plates (approximately .25” thick)

TYR-PICO-DA-T52/SP Level 2 Specification [SOCOM, FBI, DEA]
$954.95

Removable Front and Back Panels

**XFrame™ Compatible**

Made in the USA
**PICO-DA FEATURES:**

- **1. Removable Padded Shoulder Pads**
- **2. Hydration/Communications Tabs for Routing**
- **3. Slotted Base Cummerbund**
  - Provides a platform for adding PALS Adapters and Panels which gives the operator the ability to switch out mission-specific gear
- **4. Side Buckle Kit Attachment Points**
- **5. Triple Open Top M4 Removable Front Flap w/ MOLLE (TYR-LW203-556M).** The Removable Kangaroo Front Flap allows the end user to rig their PICO-DA to meet the specific requirements of the mission
- **6. Removable Zip-On Back Panel** allows the user to choose from a wide range of platforms
- **7. XFrame™ System Compatible**
- **8. Antimicrobial Body-Side Spacer Mesh**
- **9. Made with our Revolutionary PV® material** for 50% weight reduction

**TYR TACTICAL™ PICO, PICO-MV AND XFRAME™ GUIDELINES**

**COMPARISON OF THE PICO, PICO-MV, AND PICO-MVW BALLISTIC PANELS**

**PICO**

The size of the carrier relates to the size of the plates (Operator Cut):
- Small = 8 ¾” x 11 ½” (9”w x 11”h)
- Medium = 9 ½” x 12 ½” (10”w x 12”h)
- Large = 10 1/8” x 13 ¼” (10”w x 13”h)
- XLarge = 11”w x 14”h

**PICO CARRIER SIZING**

**CHOOSING PICO STYLE**

The PICO is available in three different styles depending on the profile (thickness) of your plate.

- **PICO 1** accommodates standard SAPI and ESAPI plates (approximately ¾” thick)
- **PICO 2** will hold SOF threat type plates including TYR’s SOF-1190 as well as Cercom and Ceradyne® style plates (approximately ½” thick)
- **PICO 3** is designed for Low Vis plates like TYR’s LV1191 or Eclipse® style plates (approximately ¼” thick)

**PICO-MV**

Sizing for the PICO-MV is simple because the carrier is designed to have a range of adjustability and allows for an overlap in sizing. If a soldier falls between the sizing chart, the decision can be made based on soldiers preference or your commands ballistic area of coverage policy.

**PICO-MV SMALL/MEDIUM SIZING**

- Torso Length: 13.25”
- Chest Width: 11”

**PICO-MV LARGE/XLARGE**

- Torso Length: 15”
- Chest Width: 12”

**XFRAME™ MEASUREMENT GUIDE**

**XFrame™ Compatible**

Measure from the center of the scapula to the top/center of tail bone.
XFrame™ Stay Sizes: 14”, 15”, 16”, 17”, 18”, 19”, 20”, 22”

*Patent Pending*
1. Slotted Cummerbund
2. Side Plate Adapter (LW112-AS4 + 6"x6" Side Armor Conversion Kit)
3. MBTR Radio Pouch (LW106B3)
4. Horizontal 5.56 Magazine Pouch (Left or Right facing)
5. Small Sustainment Pouch
In the past, load carriage has typically been static and designed in a vertical alignment which does not self-adjust with the operators natural movements. The XFrame™ has changed that by creating a system which moves and adjust to the body by reacting to the humans natural body articulation and form. The XFrame™ does not only mediate load carriage from the shoulders, back, and hips but also supports the spine, back and core muscles with its hybrid composite of Polyethylene, Nylon and Carbon Fiber Stays. Sizes: 16”, 17”, 18”, 19”, 20”, 22”

*Patent Pending

*Patent Pending
The Tactical Base Belt should match up to the same size as the Brokos belt, (Large Brokos belt = Large TBB).

*Patent Pending

Measure over your clothing from just inside one hip bone to just inside the other (Fig A). Ideally you want the ends of the belt to leave a 6" gap in the front of your waistline (Fig B). Once you have that total length, compare it to the chart below and that should give you the size belt you need.

TYR Tactical™ Gunfighter Belt was built as a versatile belt providing a combination between rigger belt and load carriage belt. At the Gunfighters base is a rigger belt with 2 rows of 1/2” webbing surrounding the exterior of the belt and providing a capability like no other belt available. The inner padding is removeable to allow belt to fit through belt loops of standard pants.

The belt features a 2” Cobra Buckle and a sewn hard point to provide for either rappelling, safety lanyard, etc.

Sizes:  
- Small: 28-32”  
- Medium: 33”-36”  
- Large: 37”-40”  
- XLarge: 41”-44”  
- 2XLarge: 44”+

Colors:  
- Multi-Cam  
- Coyote  
- Ranger  
- Black

TYR-GFB110  
$114.95

The TYR Tactical™ Gunfighter Belt is a combination between a rigger belt and a load carriage belt.
The TYR Tactical™ Assaulter’s Base Belt Features a 2” Cobra Buckle and an extended hard sewn point provided for either rappelling, safety lanyard, etc. It includes one MOLLE retention clip which adapts to your TYR Tactical™ Brokos or Brokos XFrame™ Belt.

**Sizes for Base Belts:**
- **Small:** 28”-32”
- **Medium:** 33”-36”
- **Large:** 37”-40”
- **XLarge:** 41”-44”
- **2XLarge:** 44”+

**Colors:** Multi-Cam, Coyote, Black

The kangaroo flap provides modular capability for magazine rounds and securing accessories. They can be used on the GPC, PICO, PICO-MV, LWAS® and Venator.
Human performance can be aided by the use of Dynamic Load Carriage™ to increase a soldier's short term and long term lethality.

Assessment of Tools for Load Based Mission Planning:
- Identifying Occupational Relevant Needs to Assist in Selection
- Streamline Kit Where Possible
- Ammo, Flashbangs, Demo, Breaching Tools
- Radios, NODs, Camera & Other SSE, GPS
- Survival, Medical, Signal Kit, Hydration, Sustenance
- 148/152 Radio w/ Headset & Spare Battery
- Adjustment of Kit to Mission Based Needs

Increased lethality and enhancement of human performance:

a. Modular/Scalable Ballistic System
b. Improved Recovery
c. Dynamic Load Carriage™ Assists in Load Management and Distribution of Load Allowing Operator Increased Movement
COMBAT ADJUSTABLE MAG POUCH

The TYR Tactical™ Combat Adjustable Pouch was designed to meet the ever changing missions of the end user. The CLPA is an extremely versatile pouch that conforms to both the 5.56 and 7.62 magazines. Engineered with an extremely clean and simple tension adjustment at the bottom, you can change its capabilities in seconds without having to remove the pouch itself.

NSN# 8465-01-612-3176
Wt: 3.28 oz.

See Page 38
The feature-laden TYR Tactical™ Escape and Evasion Bag is a truly revolutionary step forward in functionality and capability design. Using TYR Tactical™ hybrid PV® material in critical areas, the bag is lightweight yet incredibly strong, durable and abrasion resistant. The underside of the bag’s flap closure includes a 10” x 9” clear vinyl pocket for maps or papers that need protection from the elements. The flap also conceals a 9”W x 5”H x 1”D kangaroo pocket that comes standard with a removable, open-top, M4 triple mag pouch and a removable zipper-top attachment that converts the pocket into an enclosed general purpose pouch. The backside of the bag features a 10”H x 11”W x 2.5”D top-zip, gusseted pistol pouch with ambidextrous hook & loop holster. The bag has an amazing 970 cu. inch capacity and comes complete with an adjustable, padded shoulder strap, top carry strap handle, and a concealable waist belt for extra security when needed.

**ESCAPE & EVASION BAG**

The main compartment is a spacious 13”W x 10”H x 5”D and includes:

- 10” x 12” zippered internal mesh pocket
- Internal radio pocket with antenna port
- Internal divider pocket with open-top utility pouch and stretch MOLLE for securing pens, lights, etc.

Weight: 1 lb. 12 oz.
970 cu. Inch capacity

TYR-EEB-250
$169.95

"...comes complete with an adjustable, padded shoulder strap, top carry strap handle, and a concealable waist belt for extra security when needed."
The TYR Tactical™ Assaulters Sustainment Pack was specifically designed with end user feedback about the need for a pack that can be utilized for everyday carry and/or adapted to add on to the back of existing armor systems.

The pack features a very unique, removable, MOLLE-on comfort panel and shoulder straps so the pack can be worn over the shoulders without discomfort. With 360 cu. inches of internal storage and an additional 680 cu. inches of expandable storage with the beaver tail, the Assaulters Sustainment Pack provides the end user a huge amount of carry capacity. Other features include three hydration ports, an internal hydration bladder pocket and an additional internal zippered pocket for items like batteries.

**ASSAILTERS SUSTAINMENT PACK**

The pack features TYR Tactical™ hybrid PV® material giving this pack a very durable lifespan of use. This pack is extremely lightweight coming in at 21.2 oz. total weight.

- Made with TYR Tactical™ revolutionary PV® material for significant weight reduction and durability
- Independently tested to 7 to 10 times the abrasion resistance of standard Mil-Spec nylon
- Higher tensile strength than 1000D nylon
- Improved structural / load carriage performance and durability

**Dim:** 16"H x 8"W x 4"D

**Wt:** 1 lb. 5 oz.

...add on to the back of existing armor systems.
ASSAULTERS SUSTAINMENT PACK

This low profile pack is extremely versatile with exceptionally progressive attributes. Uses high strength PV® in vital areas to improve pack stability when loaded. Generous amounts of webbing allow scaling the pack up or down for different mission sets and has several multi-facet adjustable internal compartments to fit different operator needs.

ASSAULTERS SUSTAINMENT PACK, DIRECT ACTION

- Multiple wiring channels
- Capable of carrying a 117 radio
- Antenna routing area
- Hydration storage
- Removable shoulders
- Removable spacer mesh back panel that allows ASP007 to be worn as standard pack or attached to vest/plate carrier
- Removable beavertail
- Administration internal pouch
- 70 or 100 oz. Hydration Bladder

Dim: 16.5"H 8.5"W x 5.5"D
771 Cubic Inches
Wt. 2 lbs. 12.64 oz.

TYR-ASP007
$229.95

...has several multi-facet adjustable internal compartments to fit different operator needs.
JUMPABLE ASSAULT PACK

The Jumpable Lightweight Assault Pack is made with PV® material for incredible strength and abrasion resistance. The main compartment utilizes PV® on the entire gusset of the bag and is reinforced with 2” webbing. The back wall of the inside main compartment has generous amounts of webbing to secure extra pouches. It has a pocket built to fit a 100oz. hydration bladder and the pack’s internal frame. Also includes two mesh pockets and additional internal straps secure radios, bulky gear, etc. The pack features two external front pockets and external side pockets with mesh interior pockets to keep smaller items organized.

Behind the top grab handle are two communication routing ports for wiring access to the main compartment and a port in the center to access the hydration bladder. Jump straps are top-mounted so pack can be jumped top-up to protect its contents. The straps encircle the inside of the pack in one piece for added strength and durability.

TYR-LAP018-J
$449.95

5-DAY ASSAULTERS BACKPACK

The TYR Tactical™ 5-Day Lightweight Assaulters Backpack is a mid to large size, frameless bag with 2” padded lumbar support and modular belt loop. The inside compartment features small and large cargo pouches to accommodate various operator items with plenty of room for additional kit. Additionally, there are two large exterior compartments for easy access to mission-essential items. Using our revolutionary PV® material in critical areas, we cut an impressive 1.5 pounds from your load compared to similar size packs.

- Made with TYR Tactical™ revolutionary PV® material for significant weight reduction and durability
- Independently tested to 7 to 10 times the abrasion resistance of standard Mil-Spec nylon
- Higher tensile strength than 1000D nylon
- Improved structural / load carriage performance and durability

TYR TACTICAL™ COMBAT OPTIMIZED MODULAR ASSAULT HARNESS

The COMA features TYR Tactical’s™ uniquely designed low profile shoulder harness that allows for exceptional load carriage and comfort. The Lower Back Panel is easily adjustable for the height of the wearer and has additional padding for lower lumbar support. The Lower Back Panel also has a low profile storage pocket to provide additional space for food, batteries, etc. that are essential but not immediate action items that can be accessed when not wearing the harness actively.

**TYR TACTICAL™ COMA HARNESS**

The Lower Back Panel allows for the adjustability and removal of the cummerbunds depending on the operator’s needs.

The cummerbunds that are already set up for your load carriage can be removed simply from the rear of the COMA Harness and placed on your PICO Plate Carrier. This allows for less overall weight to be carried and the ability to expand or contract your load carriage needs based on the mission requirements while having your kit configured for both systems.

The cummerbunds allow for TYR Tactical™ PALS/MOLLE Adapter System to be utilized for efficiency of space and load carriage capability. The COMA Harness comes standard with 3 Row, 8 Column Adapters but others can easily be added if needed.

Sizes: 26” - 34” Waist - Medium
36” - 46” Waist - Large

Wt: 1 lb. 15 oz.

TYR-COMA001

$199.95
**TYR TACTICAL™ CHEST RIGS**

The CR Series of Chest Rigs provides true “Mission Adaptability” for the end user with its optional 5.56 or 7.62 inserts and T-Strap Kit. These chest rigs can be worn with or without armor or can be adapted to a plate carrier or tactical vest creating a flexible solution for each user's needs.

- Adaptable magazine inserts for 5.56 or 7.62 allow the user to adjust the rig to meet mission requirements
- Adjustable/Removable shoulder and waist straps
- Spare tabs for adjusting rig to user’s body as well as T-Strapping rig to user’s plate carrier or tactical vest
- All buckles can be used as repair buckles which are easily removed or relocated to spare tabs for better adjustability and flexibility for the end user

VTAC® PADDED SLING
The Viking Tactics® Padded Sling was designed with the same great features as the original Viking Tactics Sling, but with added comfort for carrying heavier firearms. Designed with the shooter and soldier in mind, the Viking Tactics® Padded Sling is made with a shoulder strap with closed cell foam. The forward adjustable portion of the sling remains the same as the original sling, giving you quick and easy adjustments from any position.

Wt: 1.84 oz.
TYR-VTAC-MK2
$59.95

TACTICAL SLING POCKET (TSP)
The TYR Tactical™ Sling Pocket retains your tactical sling while working during vehicle operations. The TSP keeps it from getting caught up inside the vehicle and allows you to easily extract and don it when you leave the vehicle. Works with the Magpul® CTR Stock.

Wt: 1.00 oz.
TYR-TSP200
$16.95

COMBAT SUSPENDERS
TYR Tactical™ Combat Suspenders are made with our revolutionary PV® material to give them extraordinary strength, abrasion resistance and durability.

- Padded, FR, Antimicrobial spacer mesh for breathability and comfort during extended wear periods
- Fully adjustable to fit almost all users
- Stretch keeper loops for securing excess adjustment straps

Wt: 5.60 oz.
TYR-SUS001
$29.95
TYR Tactical™ Sniper Mat was requested by a good friend that needed a thin, low profile mat that would be good protection against wet/cold and provide a cleaner work surface for the shooter.

We included a strap to attach a weapon’s bipod feet for increased stability.

A MOLLE attachment area allows you to roll the mat and buckle it on your pack or hip.

TYR-SNR042 (30” x 42“)  
$139.95

TYR-SNR062 (30” x 62“)

Mail: TYR Tactical™, Attn: Sales
16661 N. 84th Ave. #110, Peoria, AZ 85382

Payment Methods:
We accept VISA, MasterCard, AMERICAN EXPRESS, DISCOVER, U.S. Government SmartPay [formerly I.M.P.A.C.T.] credit cards, QSA, money orders, cashier’s checks and bank drafts. All payments must be in US funds.
Sale of certain items is restricted to Active Duty Military and Law Enforcement personnel only. Due to US State Department Regulations, we are not allowed to ship certain items out of the United States. Please call for details.

HOURS OF OPERATION:
8:00 am to 5:00 pm, Monday through Friday Mountain Standard Time. Orders by fax may be placed using our 24-hour fax line: 1-888-858-5343. You can also order 24/7 on our website at: www.tyrtactical.com

NOTE: The products and information described in this catalog are provided for the purpose of purchasing decisions only. TYR Tactical™ encourages all individuals to seek professional training and certification for proper use of the items displayed in this catalog. TYR Tactical™ is not responsible for any person sustaining injury while using tactical products. The user assumes all risks and liability when undertaking activities using these products. TYR Tactical™ offers no warranties or guarantees and is not responsible for items that have been altered, damaged or are defective in other than normal wear and tear conditions.

Shipping and Handling:
Unless other arrangements are made, all products are shipped from our warehouse Monday through Friday [except holidays]. In-stock merchandise normally ships within 1 to 2 business days after the order is processed. New and out of stock products are subject to backorder lead times to produce and ship. Some items, due to weight, dimensions, or BATF approval, may require additional shipping charges and may take longer to arrive. Express and Overnight Air Express: Orders placed after 1:00pm Mountain Standard time will be shipped the following business day [Call for rates]. Orders shipping to AK, HI, and U.S. Territory addresses require Express Shipping delivery and will be charged additional shipping fees. International shipments and some oversize or heavy items are also subject to additional shipping fees.

APO/AE/DPO Deliveries:
All orders shipped to APO/AE/DPO addresses are shipped US Priority Mail. Packages are labeled in accordance with US Postal Service guidelines, which include the address label, Priority Mail labels, US Customs documentation [applies to deliveries outside CONUS], delivery confirmation cards and insurance [orders over $50.00] when applicable. PLEASE NOTE: Pursuant to US Postal Service guidelines, packages may take up to 30-60 days to reach the delivery destination.

Pricing and Specifications:
Merchandise prices and specifications are subject to change without notice. While we make every effort to insure that pricing and descriptions are correct, inadvertent typographic, photographic, descriptive and pricing errors may occur and are subject to correction.

Returns and Exchanges:
TYR Tactical™ is committed to providing you with quality products that you can depend on. If within 30 days of your shipment the product that you receive is not up to your standards, call us at 1-866-60 ARMOR and request a Return Merchandise Authorization [RMA] number and direct mailing address. Return your order in its original packaging with the return form included with your packing slip, and a brief description of why you are returning it [make sure you keep your original invoice for your records].

TYR Tactical™ will exchange or credit your original form of payment at time of receipt of returned items, less original shipping fees. Restrictions on returns include worn, altered or customer-damaged items. Please allow 5-7 business days from our receipt of your return to process a credit refund or exchange. TYR Tactical™ reserves the right to inspect, repair, and/or replace items being returned as damaged or defective at our discretion. Product returns are subject to a 15% restocking fee. Exception: If a shipping or order error occurs that is our mistake, we will pay for return shipping charges and the restocking fee will be waived.

Custom Manufactured and Special Order Items Are Not Returnable Or Refundable.

Local, State and Federal Open Accounts:
TYR Tactical™ offers local, state and federal agencies the option to establish Open Accounts [Net 30] by providing the following information:
1. Signed request on Department or Agency letterhead by Chief, Department Head, Director or other person with authority requesting “Net 30” terms.
2. Billing address [U.S. Accounts Only]
3. Name(s) of designated purchaser(s)
4. Shipping address, telephone and fax number, email addresses of designated purchasers.
5. Credit application may be required to set up a new account.

For more information, call toll free 1-888-602-7667 or mail your request letter to: TYR Tactical™ Attn: Open Accounts, 16661 N. 84th Ave #110, Peoria, AZ 85382

The fact of the matter is, we will do whatever it takes to ensure every product we design and sell is right for you, the Next Generation Warrior®.
